

National Science Day celebrations continue

Lucknow (PNS): To disseminate scientific and practical information in latest cane cultivation techniques, the Indian Institute of Sugarcane Research (Lucknow) is organising a training programme for the cane development personnel of sugar mills, subject matter specialists of KVKs and cane growers as part of outreach activity on National Science Day. "We are organising an interaction of the farmers on the occasion of National Science Day. About 100 farmers from various sugar mills of Bihar have

participated in the trainings on sugarcane production technology organised in February and will continue in March.

BIOTECH PARK

On the occasion of National Science Day which is celebrated to mark the discovery of Raman Effect, Biotech Park is organising a scientific exhibition and Open Day. An essay competition on 'Application of biotechnology in making Swachh and Swasth Bharat' is also being organised for school students. The exhibi-

tion and labs will be open for the visitors from 11 am onwards.

IGNOU

Indira Gandhi National Open University Regional Centre Lucknow will be organising a science quiz competition for undergraduate students of both ODL and conventional system to mark National Science Day. Besides quiz, there will be a lecture on 'Importance of science for youth' by senior scientist at BSIP Mukund Sharma.
